The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 14, 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Linden et al. 6823997. Note: rail 6, back rest 15 slidably mounted on the rail, hand operated pull 17; rail has a pair of rows 8 of wide serrated pleats formed over the entire length over which the back rest is slidable on the rails; the backrest has a pair of toes<sup>14</sup> positioned on the rails so as to guide the back rest along the rail. Note also backstop 12 and front stop 9.

Applicant's remarks have been carefully considered but are considered moot in view of the new grounds of rejection.
